Authors are request to read the instructions carefully. Authors are responsible for all the material presented in the papers.

2.0 Literature Review [Times NR 12]

This document serves as the template as well as guide to authors for submission of paper in Journal of Techno Social (JTS), UTHM.

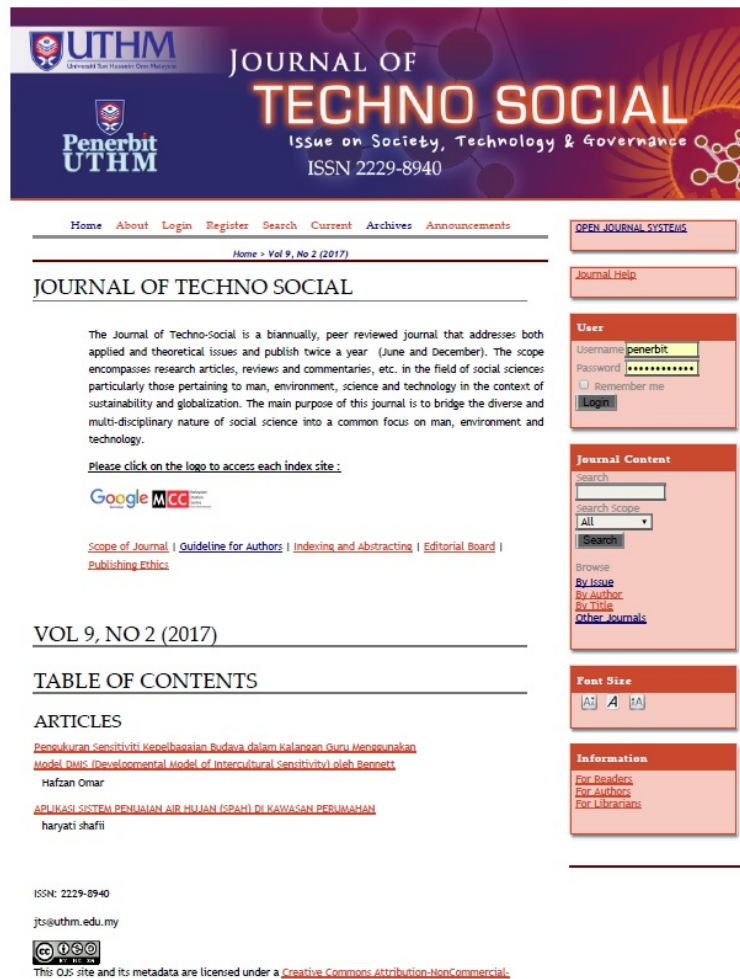

The paper must be with page size of A4. Body of paper should be formatted in one column, with 2.54 cm (1") top, 2.54 (1") bottom margins and 2.54 (1") margins on sides. Use Times New Roman font pt 11, justified on both sides. However the headings must be followed by using Times New Roman font pt 12.

2.1 Paragraph [Times NR 12]

The first line is to be indented 1 cm to indicate the beginning of each paragraph. Do not change your font sizes or line spacing, and try to avoid headers, footers and footnotes. The reference should be mentioned with number in closed bracket [1]. For multiple references in sequence it should be used as [2-5], however for references not in sequence it should be separated by comma [1, 3, 5].

2.2 Figures and Tables [Times NR 12]

All figures must carry numbers in the text (e.g. Fig. 1) and captions. Captions should be complete enough to allow understanding of the illustration without referring to the text. In addition, a source of the image other than the author's own archive should be placed directly under the image (author, date) and the font size by 1pt smaller than the caption. Use single blank lines before and after the image.

If table data is from another source, cite the source at the bottom of the table and include it in the Reference Section (see example). Each table should be given a brief title and consecutively numbered. Place them as close as practicable to the relevant part of the text. Insert single blank lines before and after the table. Avoid using colors unless it is necessary for the proper interpretation of your figures.
